The data thus collected will be temporarily stored, but not in association with any other of your data.

The basis for this storage is Art. 6 Para. 1 lit. f) GDPR. Our legitimate interest lies in the improvement, stability, functionality, and security of our website.

The data will be deleted within no more than seven days, unless continued storage is required for evidentiary purposes. In which case, all or part of the data will be excluded from deletion until the investigation of the relevant incident is finally resolved.

#### **Cookies**

##### **a) Session cookies**

We use cookies on our website. Cookies are small text files or other storage technologies stored on your computer by your browser. These cookies process certain specific information about you, such as your browser, location data, or IP address.

This processing makes our website more user-friendly, efficient, and secure, allowing us, for example, to display our website in different languages or to offer a shopping cart function.

The legal basis for such processing is Art. 6 Para. 1 lit. b) GDPR, insofar as these cookies are used to collect data to initiate or process contractual relationships.

If the processing does not serve to initiate or process a contract, our legitimate interest lies in improving the functionality of our website. The legal basis is then Art. 6 Para. 1 lit. f) GDPR.

When you close your browser, these session cookies are deleted.

##### **b) Third-party cookies**

If necessary, our website may also use cookies from companies with whom we cooperate for the purpose of advertising, analyzing, or improving the features of our website.

However, the steps and measures required vary, depending on the browser you use. If you have any questions, please use the help function or consult the documentation for your browser or contact its maker for support. If you prevent or restrict the installation of cookies, not all of the functions on our site may be fully usable.

### **Order processing**

The data you submit when ordering goods and/or services from us will have to be processed in order to fulfill your order. Please note that orders cannot be processed without providing this data.

The legal basis for this processing is Art. 6 Para. 1 lit. b) GDPR.

After your order has been completed, your personal data will be deleted, but only after the retention periods required by tax and commercial law.

In order to process your order, we will share your data with the shipping company responsible for delivery to the extent required to deliver your order and/or with the payment service provider to the extent required to process your payment.

**The legal basis for the transfer of this data is Art. 6 Para. 1 lit. b) GDPR.**

### **Customer account/registration**

If you create a customer account with us via our website, we will use the data you entered during registration (e.g. your name, your address, or your email address) exclusively for services leading up to your potential placement of an order or entering some other contractual relationship with us, to fulfill such orders or contracts, and to provide customer care (e.g. to provide you with an overview of your previous orders or to be able to offer you a wishlist function). We also store your IP address and the date and time of your registration. This data will not be transferred to third parties.

During the registration process, your consent will be obtained for this processing of your data, with reference made to this privacy policy. The data collected by us will be used exclusively to provide your customer account.

You may revoke your prior consent to the processing of your personal data at any time under Art. 7 Para. 3 GDPR with future effect. All you have to do is inform us that you are revoking your consent.

### **Credit checks and scores**

If you accept any offer we make for you to pay for goods or services on account, we reserve the right to run a credit check with a credit bureau (such as Creditreform, Schufa, Bürgel, or infoscore) to obtain credit information determined on the basis of mathematical-statistical methods. For this purpose, any data you provide that is relevant to the contract, such as your name and address, will be forwarded to

the credit bureau. We then use the information obtained about the statistical probability of default to decide whether we will offer you payment on account.

The legal basis for such processing is our legitimate interest to avoid default on our account per Art. 6 Para.1 lit. f) GDPR.

If we do not hire you, we will automatically delete the data submitted to us two months after the final decision is made.
